## QUITE A BIT TO TELL YOU

Following the last meeting of the parish Council last week. Chairman John Woods tendered his resignation from the Council. John took over from long standing Chairman Neil Jones, known to many of us.

John oversaw the addition of extra speed cameras and was a regular face at Coffee mornings. Amazing was not the word for his tireless contribution.

To cover the gap Cllr Paula Ashleigh-Morris, vice-chairman at present, will take over and all will carry on as usual.

This will include the negotiations with the diocese, at present the Parish lease the hall and grounds, look after bookings, décor and inside maintenance its intended to have the hall made a village asset which gives it a status which would tend to deter either a sale or development. The hall is a huge asset to the village, nicely refurbished and a great venue.

Following John's resignation there is of course a vacancy for a replacement councillor. Notices of this will be in the noticeboards, anyone interested or wanting to know what is involved is welcome to contact either Bekki or Paula, just for a chat or to express interest.

### PARISH COUNCIL

If you have an issue or matter you want to discuss for the Parish Council contact is Each meeting held in the Village Hall has a fifteen minute slot at the start of meetings for the public to raise matters. Notice of all meetings can be found in the notice boards

## THE GREAT STINK !

Many of you who enjoyed the amazing raft race on the drain by the Malcolm Arms, will know that it was stopped because of the effluent being discharged into the drain, untreated, it appears from an overflow from the campsite behind the Malcolm Arms.

Cllr Katie Chalmers asked that we, again, ask the Environment Agency to investigate this and get it remedied. Cllr Chalmers reiterated that children go into the water by the lock in the summer. Fishermen use the area , but after the last raft race this water landed rafters in hospital, and made this stretch of water un-usable. Nationally there is huge pressure to clean up our rivers. As a Parish we are not asking the impossible that this is stopped.

## HOW TO BOOK THE HALL

For newcomers to the village or people who perhaps have not visited the Hall, the facilities are really good, there are loos and a cloakroom, a well equipped kitchen with cooking facilities. A small stage, an abundance of tables and chairs and a good car park.

### Its ideal for

Family Parties  
Children's events  
Slimming Club

Meetings  
Rehearsals Recitals  
Exercise or Aerobics.

Tea Dance
